Other Timely Developments

- CSU SIMI project solves back-end identity challenge for the CSU
- High Speed Network seeks immediate content sharing and inter-agency collaboration

K-20 Inter-Agency Collaboration is Ripe

- Critical mass has been achieved in K-12 to the immediate benefit of higher-ed
- Agencies Demand Help with Sharing, Scale Today
- Aligned, standards-based content is built and ready to share
- Statewide K-12 representation seeks engagement with the CSU now

The Goal: Your typical 1M-User 'Pilot' . . .

- Remove barriers to adopting/scaling uPortal
- Establish Central Directory & Authentication Services
- Effect Content & Workflow sharing

Call to Action: *Get Engaged Now!*

- The K-20 community seeks help to begin immediate sharing
- The critical "window" exists today or the result becomes silos of well-integrated but completely isolated content

Call to Action: *Get Engaged Now!*

- \$500K annual funding produces the large-scale production pilot today and primes K-20 for statewide collaboration
